

Directions for Parking Lot Mission Breakfast

Your group will need to prepare 10 to 12 breakfast casseroles (Recipe & Directions Below). I have the disposable pans for the casseroles. Just check with me (Pastor Willie) at church and I will give them to you. You will also need to bring 8 trays of biscuits (Buy from Sam's Club). It only takes 10 minutes to warm each tray. Your Group will need to have the Casseroles and Biscuits at the Parking Lot Mission by 7:45am on the morning of the event. We will supply the grits, fruit and everything else.

Thanks again for serving Christ by serving others!
Pastor Willie

Sausage and Egg Casserole

INGREDIENTS:

Single Recipe

- 1 lb. bulk pork sausage
- 2 c milk
- 1 cup bisquick mix
- 6 eggs beaten
- 2 cups grated cheese

Brown sausage.

Mix other ingredients together

Add sausage

Spray 9 x 13 pan with Pam

350 degs. For 45 minutes

When cooking 2 (9x13) pans, mix 3 recipes and divide the mixture into the 2 pans. Makes the casserole thicker.

Par bake your casseroles for 30 minutes the day before. Cool and Refrigerate. Next morning bake for about 15 to 20 minutes or until the center is set. Wrap in foil and will stay warm until served. (If you want to wrap each one in a towel this also helps to keep them warm)

BE SURE TO CHECK YOUR CASSEROLES. OVENS ARE DIFFERENT, MAY REQUIRE AN EXTRA 15 MINUTES COOK PARTIALLY THE NIGHT BEFORE. TEST YOUR CASSEROLE AND MAKE SURE IT'S DONE.

You can make this the day before and let it sit for 3-4 hours and "partial bake" for about 40 minutes. Cool, refrigerate and bake it off in the morning and for 15-20 minutes. Test the center to make sure it's "solid" and not "wet".

You can also add more bread if you wish to the recipe and use any kind of bread, but make sure the egg/milk mixture soaks it up well. Should be "wet" when you press down on it when you first make it. If it's dry, you can add a bit more milk. Once the bread soaks up the liquid, it should be "spongy" not runny.

Put cover on the top or foil when you take out of the oven and wrap in towels to keep warm till you get to PLM.
