Journey Group Questions

1. Review the lesson from Sunday night. What things stuck out to you? Do you have any questions as we wrap up this series on dating?

2. Dating in high school has potential dangers and opportunities. Divide your small group in half. Have side 1 argue for dating on the grounds of the unique opportunities it presents, while side 2 argues against dating because of its potential dangers.

3. Read 1 Corinthians 6:12 and 10:22-24. Both of these verses speak of things that are lawful but not helpful. What are some "red flags" that indicate a relationship is not helpful to those who are in it?

4. Read Ephesians 5:22-33. This passage is the most prominent passage on marriage in the bible. While none of you are looking to marry right now, we should date with marriage in mind. What principles can we glean from this passage that help inform us on how we can date in a way that glorifies God? In what way does this sort of relationship reflect the gospel?

5. Think back over our *Baewatch* series. What has impacted you most as we have looked at how to be datable, who to date, and how to date?
